

## **CURRICULUM : NURSERY TO VIII**

### **KINDERGARTEN PROGRAMME (NURSERY, LKG AND UKG)**

The kindergarten programme inculcates in children the qualities of curiosity, exploration and discovery in a fun-filled, safe and happy learning environment. The emphasis is on developing in students self-confidence and the ability to effectively communicate in English. Teachers ensure this through effective use of language and by encouraging children to express freely.

Individual and group activities like games, songs, creative projects, story-telling, role-playing, drawing and painting helps to develop children's foundational skills in literacy and numeracy. Sports activities help in strengthening coordination of motor skills and instill enthusiasm for sports. Picnics and field trips enhance students' understanding of their surroundings. Celebration of festivals sensitizes them to multiple traditions and cultures.

### **PRIMARY SCHOOL PROGRAMME( CLASSES I TO V)**

Primary school programme encourages inquiry and exploration and develops children's competence in various skills like reading, writing, listening, speaking, problem-solving, observation, measurement and use of information and communication technology. This curriculum offers an interdisciplinary appreciation of Language, Mathematics, Science and Social studies as individual and integrated subjects. The importance is also given to an individual, small group and whole-group activities so as to improve children's ability to work across all levels. Physical education develops sports skills and creates health awareness. Exposure to team and individual sports encourages a sense of team spirit and individual effort and accomplishment. The wide range of curricular and co-curricular opportunities offered helps to instill in children confidence and discipline. The focus on developing communication skills helps them to appreciate the value of education, as it reflects their ability to express themselves in addition to developing pragmatic skills.

We ensure that the students engage in field trips, excursions, activities, projects, and presentations that provide experiential learning opportunities.

### **MIDDLE SCHOOL PROGRAMME (CLASSES VI TO VIII)**

The rigorous curriculum focuses on helping students to become increasingly independent learners and preparing them to succeed in Secondary School and beyond.

It also addresses holistically student's intellectual, Social, Emotional and physical well-being. It also provides students with opportunities to develop the knowledge, attitudes and skills they need in order to manage complexity, and take responsible action for the future. The learner is equipped with learning skills and is ready to move on to the Secondary school program. We aim to prepare our children to be healthy and active with a passion for developing their physical abilities and to achieve high standards and high levels of attainment in academics and extracurricular activities.
